

Course Overview

Safety Harness Awareness

Number of Candidates: 1 – 10

Course Duration: ½ day

Course Outcome: Certificate

Introduction

This course is designed for operatives who may require fall arrest protection.

Aims & Objectives

To course aims to provide operatives with a thorough understanding of the need for safety, the legislation and dangers associated with work that may require the need for a safety harness, and to enable operatives to use harnesses safely and correctly in conjunction with ladders and steps.

Course Delivery

This course combines classroom-based tutorials with practical exercises and group discussions.

Location

The course can take place at ITS PLANT TECH or can be delivered on your premises or a location suitable for you.

Certification

ITS Plant Tech Ltd accredited certificate

Candidate Eligibility/Entry Requirements

It is important that all candidates have a good understanding of spoken and written English.

Additional Information

Candidates should bring appropriate PPE. For training held at your own premises please ensure you can accommodate the number of operatives and provide a training room.
